

MICROENTERPRISE ASSISTANCE 2017 PROGRAM LAUNCHES

Could you use \$25,000 to help you build or expand your business in the City of Geneva?

The City of Geneva is excited to announce the 2017 Microenterprise Assistance Program (MAP) is once again launching on January 30th, which could potentially provide you with grant funding you need for growing your business venture.

What does Microenterprise mean? If you have a business idea, or currently have a business that you would like to expand, which has (5) five or fewer employees, you could be eligible for MAP funding. Grants will be available for up to (7) interested parties in the City of Geneva.

There are several requirements for the program. The business owner must contribute 10% of the project cost in cash, and applicants must complete an approved business ownership or entrepreneurial program. Prior to the submission of an application, participants must also attend a one-on-one business mentoring session with the City's small business counselor to develop a business plan. Applications are due by March 28, 2017 and are available on the first floor of City Hall in the ONI office and for information in links below.

The City of Geneva Microenterprise Assistance Program is a Federally-funded program administered by the City of Geneva's Office of Neighborhood Initiatives. Its primary objective is to assist in the establishment and expansion of small businesses and the creation of new jobs.

For more information, please call (315) 828-6585, stop by the ONI office on the first floor at City Hall at 47 Castle Street, or email Collette Barnard at ccb@geneva.ny.us.
