

Civic Engagement

Boards and Commissions

The City of Geneva is actively recruiting engaged residents who are interested in serving critical roles on City Boards, Committees and Commissions. There are a range of opportunities to support the economic and community development functions of the City, and to shape the future of your community.

The application process has been streamlined, is simple, and is constructed to attract the best, most diverse set of applicants possible.

What Are The Requirements?

Many Boards, Committees, and Commissions are bolstered by experience, knowledge, or training in a specific area of community operations. That said, most Board, Committee, or Commission members get their start by just wanting to be involved. For most Board, Commission, or Committee seats, there are only four qualifications:

- Must be eighteen years of age or older
- Must be a permanent resident of the City of Geneva
- Must be willing and able to attend 75% of all Board, Commission, or Committee meetings
- Must be willing and able to complete all necessary training as required for the respective Board, Commission, or Committee

From there:

1. Complete the online form and submit, or complete a paper application form and submit to the City Clerk
2. City Council will source applications from the online database, City Clerk's Office, and political parties
3. Applications will be reviewed for best matched qualifications according to City Council's objectives (subject matter expertise, ideological and cultural diversity, etc.). Several Boards generate recommendations to Council via an internal appointment committee.
4. Qualified applicants will be invited to interview with City Council or will be referred to Council by the individual Board's appointment process.
5. Council will select the best qualified applicants for the positions available. The bulk of appointments occur in January of each calendar year, though some appointments are filled as vacancies occur.

throughout the year.
