APPLICATION FOR A BUILDING PERMIT

Please read the attached instructions and fill in all information completely and legibly, by typewriter or in ink.

1. Permit number: _____

2. Location (street address): _____

3. Owner: _____

4. Address: _____

5. Phone number: _____ Email: _____

6. Contractor: _____

7. Address: _____

8. Phone number: _____ Email: _____

9. Attach Proof of Worker's Compensation Insurance Coverage (form C105.1 or U26.3) or Exemption Certification (form CE-200). Please note we cannot accept ACORD forms.

10. Type of improvement (please check one):

New building Garage Deck / Porch Demolition
 Addition Shed Sign Other work (describe): _____
 Rehab / alterations Pool Fence _____

11. Cost of improvement (excluding cost of land):

Materials (attach list): _____ Labor: _____ Total: _____

12. Starting date (when construction will start): _____

13. Completion date (when you expect to occupy or use): _____

14. Use classification (please check one):

Single family dwelling Business Roof
 Two-family dwelling Business / Residential mixed Change of use
 Multiple dwelling, permanent occupancy Other: _____

15. Site sketch - attach a scaled drawing showing: the lot lines of the property; where the street is relative to the lot lines; the location and dimensions of any existing buildings on the property; the location and dimensions of any new construction; and the distance from all new construction to the lot lines. Show any street name, and whether the property is an interior or corner lot.

16. Description of project - attach a drawing or drawings of what you are building. The drawings shall be to scale and shall include enough details and measurements that NYS code requirements can be verified. A list of materials to be used shall also be included. If applicable, a "Notice of Truss Construction" form shall be provided (see page 3).

17. Third party electrical inspection agencies listed as follows: Middle Dept. Inspection Agency (800) 547-6342; New York Elec. Insp. Agency (585) 436-4460; Atlantic Inland, Inc. (607) 753-7118; Commonwealth Elec. Insp. Agency (585) 624-2380

18. All information supplied in this application is true to the best of my information and belief. I understand and agree that all work will conform to all applicable local and state code requirements.

Applicant's Name (print): _____

Signature of applicant: _____ Date: _____

BUILDING PERMIT INFORMATION (Read before you sign)

- 1) The proposed construction is to be completed before the building permit expires. The building permit is good for one (1) year.
- 2) Extensions of up to six (6) months will be granted only if the project is of an unusually large nature or if circumstances offered that make the completion of the job impossible within the allowed one (1) year time frame.
- 3) Failure to complete and have all phases of the project inspected within the one (1) year time frame will require application for an extension or a new permit along with associated fees.
- 4) The following inspections are required. It is the responsibility of the property owner or the contractor to call this office to arrange an inspection. A twenty-four (24) hour (one business day) advance notice shall be given: A) footer; B) foundation; C) rough framing; D) insulation; E) plumbing; F) electrical; G) special; H) final.
- 5) Projects utilizing truss type construction, pre-engineered wood construction, and/or timber construction must complete the attached form and include it with the Building Permit Application.
- 6) A Certificate of Occupancy cannot be issued unless the various inspections have been made. Without a Certificate of Occupancy, the construction cannot be legally occupied. The Certificate of Occupancy shall not be considered as certification of location of lot boundaries or property division lines. It is the owner's obligation to adhere to all code requirements and setbacks.
- 7) A rough electrical inspection and a final electrical inspection are required. Electrical inspections are done by a third party (not the city); Electrical inspectors and their respective phone numbers are included on the application #17. This office will need to be provided certification that these inspections have been made and finalized. All electrical inspections are done at the owner's or contractor's expense.
- 8) If work that needs to be inspected is covered before the inspector can verify it, the work will have to be exposed to facilitate the inspection. This is done at the owner's or contractor's expense.
- 9) Footers shall bear on soil a minimum of 42" below grade unless otherwise approved. This includes post holes for attached decks, porches and landings.
- 10) Once a construction plan is approved, changes of that plan can be made only with the approval of this office. The scope of permitted work is limited to what was described in the permit letter. Any additional work must be approved before it can be undertaken.
- 11) Please be advised that failure to comply with applicable regulations and/or conditions of the permit or should hazardous or unsafe conditions develop, we reserve the right to stop work and/or issue a court appearance ticket to pursue the matter through authorized legal means. Please ask if you have concerns, or questions, about any aspect of the project.
- 12) All new work is to be done in conformance with the provisions of the New York State Uniform Fire Prevention and Building Code.

NOTE: Applications which are incomplete or lack all required submittals & signatures will be returned without processing. Thank you for your co-operation.

Property Owner's Name (print): _____ Contractor's Name (print): _____
